CIRCUSES UPDATE

Grandma

Carl Geisler

Last issue we reported that Carl Geisler's and Ilya Genin's circus exhibits would share Gallery 14. According to new information received from Carl, the photos will be arranged as separate exhibits occupying separate spaces within Gallery 14. Ilya's images will hang in the smaller room, and Carl's will occupy the main exhibit area.

Carl Geisler will show more than 60 images! Photographing the big-top since early this decade, Carl culled his best shots for his "**Circus on the Wall**" show. He promises an unusual display, not only in the large number of photographs, but also in their atypical presentation and availability.

Ilya Genin's "Circus off the Wall" depicts a different kind of circus. Ilya's approximately 13 images promise to engross for their own unique qualities -- qualities which we fans of Ilya's work should have no problem recognizing.

We look forward to this opening, and congratulate both photographers for what promises to be an innovative and exciting exhibit.

Come to the opening-reception Friday, March 18 from 6:00 to 8:30 pm. Gallery 14 is located at 14 Mercer Street in Hopewell NJ.

SAMUEL VOVSI'S image "Stairway to Heaven" has travelled with the *YEA! Yo Emerging Artists Project* to Perkins Center of Arts at 30 Irvin Avenue, Collingswood NJ.

If you missed the exhibit at Gloucester County College last fall, you have another chance to see it in Collingswood through March 26.

You can read more about Samuel's image in the [October 16, 2010 Members News, Vol. 2010 29](#) on our Newsletter web page.

NOTE: Check the [Perkins website](#) for limited gallery hours and other information.

New Feature!

Pictures Not At an Exhibition

Well here it is! **Frank Cheh**, creator of *Red Bank Rider*, gets the honor of the first non-exhibition image ever printed in *Members News*. Frank was the very first contributor to our new feature. With spring approaching, his beautiful winter capture of the Red Bank, NJ train station seems slightly historical (dare I say nostalgic?), but it certainly evokes the cold, wet, slippery feel of that ever-present snow of winter 2011. Great image Frank! Thanks for sharing it.

We hope to print more good photography created by members who seldom exhibit. **Doing so broadens the base of contributors to *Members News*, and allows the club to see the work of some of our less publicized photographer-members.**

You don't have to be hanging on a gallery wall, (and neither does your work) to have your art printed here. So, share the fruits of your creativity with your fellow club members.

If you've not had an image in *Members News* within the last year or so, send us one you're proud of. The next time we have a spare half-page, it may be your photo that gets fished from our reservoir of unheralded imagery and served up in *Members News*.

What Members News is About

Members News' primary mission is to celebrate and promote those members whose photographs, photography knowledge, or photography skills have been publicly recognized as being of high merit. We report timely news from members about their awards, exhibits, publications, and other public acknowledgements of excellence. We may also publish non-exhibition photographs in support of secondary goals, such as broadening membership participation and fostering growth of members as photographers. -- Rev Feb. 28, 2011

Submission Guidelines

Please read this, then SHARE NEWS of your photography awards, exhibitions, publications, and other public acknowledgments of merit by sending *your* images and story *directly* to the Newsletter Editor's inbox, JerryGerberPhoto@gmail.com . If you're a non-exhibitor, just send us one or two of your best pictures. Fame and glory await!

1 How To Get Your "Good News" Into *Members News*

- If your photography has been recognized, and you want to share the news with your club, send details to the editor yourself at JerryGerberPhoto@gmail.com . Identify it as "For Members News."
- We don't scout out news. To protect privacy, we don't print stories from one club member about another. You've got to write us about it yourself.

2 What To Send Us

- A) We accept timely news from members about their own awards, exhibits, publications, and other public acknowledgements of excellence. Include an image or two (any size and format).
- B) We also accept non-awarded, non-exhibition images from members who seldom exhibit. These will be published on an as-needed (not as-received) basis. Please send us your best work. NOTE: This feature is open only to members who have not had an image in *Members News* within the last 12 months or so.
- Less known members are invited to include a portrait and extremely brief bio with your submission. We'll run them too, space permitting.
- Name your image files as: **Lastname_Firstname_ImageTitle.jpg**. (*This saves time in preparing the newsletter.*)
- For exhibition and award photos, tell us the whole story. Include at least contact info, and the *who, what, where, and when* of your exhibit, publication or whatever. Extra information is better than too little. The editor likes to cut.
- We respect copyright laws. Please do not send us material that is copyrighted or wholly or partly created by others. We do not publish magazine or book pages, web pages, or similar materials owned or created by others.

3 What We'll Do To Your Submission

- Your text will likely be edited or completely rewritten for style, format, and content. Your images will be automatically sized and processed to a common *MN* format. Press Releases may be rejected if they cannot be readily altered. If accepted, they will be changed to fit the Newsletter style, and format.
- Accepted stories and images will be incorporated in *Members News* which is distributed by e-mail and posted on the PPC web page. Images are offered to the webmaster for posting elsewhere on the PPC website.

4 When To Send It

- Submit date-sensitive information at least three weeks before the event to help ensure adequate and timely coverage.

5 When We Goof

- We try to get it right. If we err and you let us know, we'll print a correction in a following issue.
